

SALEM TO VOTE  
AGAIN NOV. 5 ON  
CITY HALL PLANCouncil Committee Rec-  
ommends Resubmis-  
sion of IssueLOST AT PRIMARY  
BY CLOSE MARGINGovernment Would Pro-  
vide 45 Per Cent of  
ExpenseA \$50,000 bond issue for the con-  
struction of a new city hall build-  
ing will, in all probability, go on  
the ballots here for the Nov. 5  
election.

## Committee Favorable

A committee of council, meeting  
last night, decided unanimously to  
recommend to council, at its next  
meeting, that action be taken to  
resubmit the issue to Salem elec-  
tors.Members of the council commit-  
tee include Lyman Goodballe, Jos-  
eph Calladine and A. P. Morris.  
Mayor Norman Phillips and City  
Solicitor Lester Caplan attended  
the conference.Under an act of the legislature,  
adopted at its last session, a 65 per  
cent barrier was placed in front  
of all similar bond issues. In other  
words, 65 per cent of the vote, rather  
than a mere majority, is needed  
to ratify an issue.

## Lacked 112 Votes

In the primary voting, the city  
had lacked 112 votes of attain-  
ing the necessary percentage.It is the opinion of city law mak-  
ers that perhaps all voters were  
not thoroughly conversant with all  
phases of the proposal inasmuch as  
no effort of an educational nature  
was made until a few days before  
the election.The bond issue is designed to  
provide the city's share of the cost,  
with the federal government, un-  
der the PWA, providing 45 per cent.Little Tax Cards  
Cut Down Revenue,  
Dargusch RevealsCOLUMBUS, O., Aug. 31.—Carl-  
ton S. Dargusch, state tax commis-  
sioner, said today that the new  
drop today.He attributed the decline to the  
use of cards to adjust the tax to  
the present instead of ten per  
cent on small purchases.Dargusch, state tax commis-  
sioner in charge of the sales tax  
reform, said he expected the tax  
would yield only \$45,000,000 for its  
first week of operation, five million  
less than an estimate made before  
the cards were put in use. The tax  
yielded 27 millions in 30 weeks  
before Jan. 27.Exemptions of bread, milk, farm  
implements, mining machinery and  
others allowed by the legislature  
earlier decreased his estimate from  
\$60 millions.Dargusch predicted a pick-up in  
fall retail business would counter-  
act an August drop in tax receipts  
below \$1,000,000 a month, to bring  
the tax receipts up to 45 millions.Both Dargusch and R. P. Barth-  
alow, head of the sales tax division,  
skipped at Missouri's "milk, bottle  
and tax" tokens as impracticable  
and bothersome.They are terrible. Any sort of  
token to make the tax exact and  
attempt to seal in mills instead of  
cents is unwieldy," Dargusch said.  
Barthalow declared: "I think  
very little of anything that the  
consumer has to carry. It would  
be unsatisfactory."

## Use Historic Site

LOUDONVILLE, O., Aug. 31.—  
On a site where stage coaches  
transferred mail, a new postoffice is  
being built. It was to be dedicated to  
the memory of a program, including an  
address by Joseph F. Betteley,  
fourth assistant postmaster gen-  
eral.

## As Howard Beat Turner In Bendix Race

Turner congratulates Howard.

Benjamin O. Howard, airmail pilot, is pictured landing at Cleveland airport after winning the Bendix transcontinental derby by the slim margin of 23 seconds. Col. Roscoe Turner was second in the \$10,000 race. Howard, who will receive \$4,500 as first money, made the 2,046 mile dash in 8 hours 23 minutes and 16 seconds, an average of 239.172 miles an hour. Colonel Turner is shown, inset, congratulating Howard on his victory. Cecil Allen, another entrant, was killed when he crashed.

PLAN OPENING  
OF COURT TERMHearing of Motions and  
Demurrers to End  
Present SessionLISBON, Aug. 31.—Arrangements  
were completed today by Judge W.  
Frank Lones for the opening of the  
new term of court Sept. 9. The last  
work of the court identified with  
the present term will be the hear-  
ing of 17 motions and demurrers,  
and immediately following, the  
court will declare all unfinished  
business listed during the current  
term continued into the new term.The September grand jury will be  
sworn shortly after 10 a. m. Sept. 9,  
and at noon, members of the Co-  
lumbiana County Bar Association  
will participate in their annual  
dinner at the Presbyterian church.Following the dinner, attorneys  
will meet in Common Pleas  
Court room No. 1, when a commit-  
tee report on an attorney's fee bill  
will be discussed. A proposed  
change as to the minimum fee in  
divorce cases is to be reviewed, and  
a report will be presented of the  
committee on laws in regard to the  
selection of judges.The grand jury will continue in  
session until Wednesday. The court  
has ordered an adjournment of  
court for Sept. 12 for the county  
fair to be held here, opening Sept.  
10 and continuing until the night  
of Sept. 12.In the event the bar docket is  
called during the meeting of the  
Bar association, it is probable that  
a number of cases will be dropped  
from the active list or ordered dis-  
missed by counsel.New Organization  
Seeks More IncomeCOLUMBUS, O., Aug. 31.—A new  
organization, the Association of  
County, Municipal, and Township  
Governments, planned today an ap-  
peal to Governor Davey for a larger  
source of taxation income.Philip Goldsleger, secretary, said  
the association would ask the gov-  
ernor to include the matter of pro-  
viding relief for municipalities in  
financial straits in calling a special  
session of the legislature.The new school foundation pro-  
gram he said, leaves local govern-  
ments little source of income ex-  
cept for schools. The program gives  
school districts 45 per cent of the  
millage left within the ten mill limi-  
tation.Frank Ayres, Lorain city auditor,  
is president of the association, or-  
ganized Thursday. Joseph Lutz,  
Montgomery county auditor, is vice  
president.WPA Workers, Hurt

ers accidentally injured on Works  
Progress administration projects  
will receive government compensa-  
tion.C. C. Stillman, WPA adminis-  
trator for Ohio, said today the gov-  
ernment will provide medical care  
and payments for disability will  
start on the fourth day after the in-  
jury is received at the rate of 83 1-3  
cents a day.In case of death, compensation  
not to exceed \$3,500 will be paid to  
a widow or children.Stillman requested medical so-  
cieties throughout the state to fur-  
nish lists of qualified physicians to  
render service in industrial cases  
on a fee basis not exceeding their  
minimum charges.DANCE TONIGHT

services Sunday night in the Memo-  
rial building."A 12-round Bout That Ended  
With a Knockout" will be the sub-  
ject of Rev. Burris's sermon to-  
night. Tomorrow at 2:30 p. m. he  
will tell his best illustrated sermon  
on "Crowned or Crucified." There  
will be a musical program in con-  
nection with the services.A surprise on Al Whitmore, song  
leader, featured last night's serv-  
ice. Mr. Whitmore received a num-  
ber of gifts from church workers  
and others. The Rev. Burris orga-  
nization today expressed apprecia-  
tion for the cooperation they had  
received during the stay here.For the next five or six weeks,  
Rev. Burris will lead the group in  
a series of one-night meetings  
throughout this section.FIRST CCC CAMP

Temporary Quarters  
on SiteFirst contingent of Columbiana  
county's CCC campers arrived in  
Lisbon this morning and immedi-  
ately went to the camp site on the  
county infirmity farm.There were approximately 25 in  
the group and this number will be  
increased by others who are ex-  
pected to arrive Sunday or Monday.Tents are being pitched for tem-  
porary quarters and preparations  
launched for the establishment of  
the camp. The contingent was  
made up largely of cooks, supply of-  
ficers, directors and others. All  
are from the Zanesville camp.The Columbiana county camp will  
be engaged solely in soil conserva-  
tion activities on farms throughout  
the district.Prosecutor Asks  
New Durbin TrialBUCYRUS, O., Aug. 31.—J. J.  
Sears, a special prosecutor asked  
the third district court of appeals  
yesterday to order W. W. Durbin of  
Lima, convicted three years ago on  
a charge of circulating unsigned  
election material, to face a second  
trial.The court ordered a hearing Sept.  
11.Judge David Thomas of Marietta  
nolled the case after granting Dur-  
bin, now register of the U. S.  
treasury, a new trial. Sears con-  
tended this action was irregular.  
Durbin was indicted for allegedly  
circulating material designed to de-  
feat John Key Marion and Char-  
les F. Schaber of Bucyrus for con-  
gress.Tax Receipts Show  
A Prosperous FallCOLUMBUS, O., Aug. 31.—R. P.  
Barthalow counted up cancelled  
sales tax receipts today and pre-  
dicted a prosperous fall."From the volume of tax re-  
ceipts," he said, "business is hold-  
ing its own despite the late sum-  
mer slump. In the face of this, I  
would predict a fairly good fall sea-  
son."Barthalow is chief of the sales  
tax division of the state tax com-  
mission.

UP TO ASSEMBLYGovernor Is Warned That  
"Catastrophe Is in  
Offing"(By Associated Press)  
COLUMBUS, Aug. 31.—Governor  
Davey heeded warnings that "a  
catastrophe is in the offing" by  
laying the groundwork today for  
"stop-gap" legislation to avert a  
crisis in the care of Ohio's 1,100,000  
needy.Legislative action will be sought  
at special sessions in September and  
November, he told a state-wide de-  
legation of civic officials yesterday,  
to provide necessities for 56,000 des-  
titute families after Nov. 1.Relief officials advised the gov-  
ernor the federal government ex-  
pects to place directly on the state  
the burden of providing direct re-  
lief after Nov. 1, when it expects to  
have its Works Progress program in  
full swing.Declares Help Needed  
Marc Grossman, Cleveland wel-  
fare director, bluntly informed the  
executive a catastrophe threatens  
and "if the state does not provide  
help, a fear for the lives, safety and  
good name of the state."He and Fred Hoehler, Cincinnati  
safety director, also warned of  
powerful pressure groups, which  
they described as Communists and  
organizations of unemployed."If you don't meet this situation,"  
Grossman advised Davey, "we may  
have one later you can not con-  
trol."Hoehler estimated \$23,000,000  
would be needed to provide poor

last night.During the lecture hour, the Sil-  
ver Thimble 4-H club under the di-  
rection of Mrs. Ralph Huston and  
Miss Gladys Vincent, presented the  
program.Additional entertainment at the  
regular meeting featured a song  
by the entire group; a vocal solo,  
"The Simple Things of Life," by  
Evelyn Sheen; a playlet, "Playing  
Grown Up," by Betty Ingledue and  
Dorthea Votaw; a vocal duet, by  
Gladys Vincent and Evelyn Sheen,  
and a playlet, "Cooking," by Alfreda  
Votaw and Lois McArthur.Miss Evelyn Sheen also demon-  
strated the proper manner of serv-  
ing a breakfast. The meeting con-  
cluded with refreshments.The next meeting will be held in  
two weeks at the hall.

## Draws \$100 Fine

Thomas Robinson, West State st.,  
arraigned before Mayor Norman  
Phillips yesterday on a charge of  
assault and battery, was fined \$100  
and costs and sentenced to 30 days  
in jail. He was accused of beating  
his wife.Robinson was arrested by Chief of  
Police Ralph Stoffer who chased  
him about for more than five miles  
through farms and woods bordering  
the North Georgetown rd.

CLEVELAND, Aug. 31.—Benjamin  
O. Howard, 33-year-old mail pilot  
from Chicago, held top honors in  
the National Air Races today, but  
the country's women pilots planned  
to pluck some of the silver cups  
and the prize money from the sky  
before sundown.Howard brought his cabin plane,  
"Mister Mulligan" into Cleveland  
from Los Angeles yesterday in  
eight hours, 33 minutes and 16.3  
seconds to win the Bendix trophy  
race.Seconds Difference  
It took Col. Roscoe Turner 23.5  
seconds longer to make the same  
trip, the electrical timing devices  
at the airport showed. The offi-  
cial scorers, confronted by this frac-  
tional difference, said the finish-  
ing time would be "subject to con-  
firmation after receipt of official  
reports."The finishing times will be checked  
more closely against the  
starting times which did not include  
fractions of minutes.Russell Thaw of New York, son  
of Evelyn Nesbit Thaw, finished  
third and Roy O. Hunt of Oklahoma  
City fourth. Amelia Earhart made  
the flight in 13 hours, 47 minutes,  
6.35 seconds to take fifth place.  
Howard's average speed was 238.704  
miles an hour for the 2,042-mile  
journey.The Bendix racers who finished  
were saddened here by the word  
that Cecil A. Allen, California fly-  
cr, crashed shortly after leaving  
Los Angeles and was killed.

## Rain Halts Events

Only a small, damp crowd watch-  
ed the end of the race here as rain  
halted all other events on yester-  
day's program.Eight women pilots warmed up  
their planes today for the feature  
race of what has been designated  
as "women flyers' day." The  
Amelia Earhart trophy race for  
women, is the major event on the  
program.The race will be three laps of a  
15-mile course.NEW TAX BILL  
TO BECOME LAWPresident Signs, Cleans  
Up Work Preparatory  
to Home TripWASHINGTON, Aug. 31.—Presi-  
dent Roosevelt strove today to  
clean up the big chores left him by  
congress and head for his Hyde  
Park, N. Y., home and a vacation  
tonight.Two important measures — the  
neutrality resolution and the Ten-  
nessee valley authority amendments  
— remained to be signed into law.

## New Problems Arise

Also, before the president could  
close his office, last-minute do-  
mestic and foreign problems de-  
manded his attention. He indicated  
yesterday that a decision of the  
Soviet-American dispute over Com-  
munist activities in this country  
had been reached.Whether he would sign the \$614-  
000,000 omnibus rivers and harbors  
bill before departing remained to be  
seen.He already has expressed his ap-  
proval of the neutrality resolution,  
imposing a mandatory embargo  
against the shipment of arms to  
warring nations — and the TVA  
amendments — designed among other  
things to give the Tennessee  
valley authority express authority  
to sell surplus electric power.Late yesterday he signed the  
\$250,000 tax measure.The president's action immedi-  
ately put into effect new and higher  
levies on estates which are esti-  
mated to produce \$80,000,000 a year  
in additional revenue. They range  
from 2 per cent on the portion be-  
tween \$40,000, and \$50,000 to 70  
per cent on all over \$50,000,000.

## Higher Gift Taxes

Under the law higher gift taxes,  
which are three quarters of the es-  
tate taxes, become effective Jan-  
uary 1, 1936.The increased surtaxes on indi-  
vidual income — ranging from 31  
per cent on incomes between \$50-  
000 and \$56,000 to 75 per cent on  
that over \$56,000 — become effec-  
tive Jan. 1, 1936, and must be paid  
in 1937.In addition, the new law revises  
the taxes on corporation income,  
excess profits, capital stock and  
personal holding companies. It also  
imposes a new tax on intercorpo-  
rate dividends.WATER WILL BE SHUT OFF

## PLAN DAM AT FAMOUS LAKE TANA

A 75-Year Charter, Copies in English and  
Amharic, Signed Thursday Night; Em-  
peror to Share in ProfitsBy JAMES A. MILLS, (World Copyright, 1935, By The Associated Press)  
ADDIS ABABA, Aug. 31.—Emperor Haile Selassie, seeking to block  
Italian penetration into Ethiopia, has deeded more than half his empire  
to the Standard Oil company and British interests for exploitation and  
general development, says Francis M. Rickett, a British promoter.In addition, the promoter said, the emperor has entered negotiations  
to grant a corporation known as the Lake Tana Conservancy syndicate  
the right in perpetuity to construct a dam and pumping stations at the  
famous Lake Tana.

## Start With 60 Million

Rickett said an initial investment  
of \$60,000,000 would be made in the  
oil and mineral exploitation enter-  
prise, to be controlled by an African  
exploration and development com-  
pany owned by the Standard Oil  
company.The affairs of the corporation,  
the promoter said, would be di-  
rected by an American board under  
an American president.The Lake Tana project involved  
an investment of \$50,000,000, Rickett  
said, and would be controlled by  
interests representing Ethiopia, the  
Sudan and Egypt, with capital ap-  
portioned among them which would  
be forthcoming from London and  
Cairo.Capital of \$50,000,000 was esti-  
mated by the promoter to be be-  
hind both enterprises.A 75-year charter, authorizing  
its holders to exploit the oil and  
mineral resources and develop an  
area of 150,000 square miles was  
signed just before midnight Thurs-  
day, Rickett said.This correspondent saw the charter,  
bearing the emperor's official  
title "Anointed King of Kings." There  
were two versions, one in  
English and the other in Amharic.  
They bore the great imperial seal.

## FRUITS OF CONQUEST

If all questions as to whether Italy's imminent conquest of Ethiopia be just and right are eliminated and if the ethics of the issue be disregarded for the time there remains the fact that those of the Ethiopians who survive Mussolini's aerial bombs, poison gas and bullets probably will be better off eventually for having been captured.

National freedom is a thing for which men are willing to lay down their lives and the Ethiopians appear to regard their independence with fanatical fervor which makes them eager to face the Italian threat.

History records, however, that the lot of a conquered people usually is improved when they come under the control of a more advanced power. Roman legions carried the civilization of their day to the barbarians and on through the centuries as a more enlightened people subdued retarded lands they brought the benefits of culture. No better example may be found that the high state of development attained in the Philippines during the 35 years they have been under American rule. It will be recalled that the Filipino nationalists resisted the American occupation—He did not call it conquest—just as desperately as Haile Selassie's tribesmen plan to oppose Italy.

Mussolini wants Ethiopia for colonization purposes. He wants it as the home for part of his country's surplus population and as a field for building up his country's waning exports. The hope will be realized only as Ethiopia develops. The program means that roads, schools, and hospitals must be built, agriculture must be modernized and industry established.

Following the conquest, which observers believe it certain to come, Ethiopia is likely to be the boom spot of the world as new Roman legions of industry, commerce and agriculture bring modern methods to regions living in the manner of centuries long since forgotten elsewhere.

## LABORATORY OF HORRORS

War, if it comes, will be the testing ground of new horrors just as the World War brought deadly gas, flame throwers and other deadly new weapons. Scientists of every "civilized" land have been busy in their laboratories working on devices to kill men more effectively.

The world is interested but skeptical at the promise of Italy's great Marconi to produce a ray which will stop motors of airplanes and other machines. American scientists have been at work in an effort to perfect devices of this kind but without practical result. They say that even though such a device were built it would be useless because defense against the rays is easy.

Inventions and discoveries far more horrible are likely to be brought into use. No nation is telling what it has in mind but it is common knowledge that all of them are working toward gasses more deadly than any used in the World War, explosives more destructive, guns that shoot farther and hit harder and tanks that carry death-dealing instruments over rough ground with the speed of a fast automobile.

Efficiency as it applies to war means the ability to kill men swiftly in great numbers and at a considerable distance and war has become so much more efficient in the last 20 years that its prospect is ghastly.

## THE STARS SAY

For Sunday, September 1

Sunday's horoscope holds auguries of a particularly lively and successful day with much stirring in church, charitable and social engagements as well as all of a spiritual or mystical nature. Secret societies flourish. But withal there is a possibility of news of a bereavement or great sorrow.

### If It Is Your Birthday

Those whose birthday it is are on the eve of a very lively and constructive year, with much of interest in many directions, both business and personal. Speculation should be successful and new plans should enlist attention of those in power and influence. But also there may be a bereavement or other depressing news.

A child born on this day may be talented, practical and constructive with a noble and gentle disposition to attract the recognition of those in important places.

Notable nativity: James Gordon Bennett, publisher.

### For Monday, September 2

Monday's astrological forecast is for a day of much liveliness but one of doubt and uncertainty in the general run of events. The mind may be found to be in an undecided or quixotic mood, which may react on the affairs of business as well as personal affiliations. There are omens of treachery or intrigue to be guarded against, especially in dealing with combines or secret societies.

Those whose birthday it is are confronted by a lively year but one in which there is much uncertainty and doubt as to final issues. A portent of intrigue or subtlety makes it necessary to be alert in dealings with corporations, mergers and secret bodies. Personal matters are under similar indecision, reflecting a wavering or confused mental attitude.

A child born on this day may be lively and versatile

but its mentality may be visionary or imaginative, with peculiar leanings in study or research.  
Notable nativity: Eugene Field, poet.

### For Tuesday, September 3

A day of great opportunity for stabilizing the fortunes and increasing the possessions is betokened by the movements of the actuating planets. Industry and hard work will find substantial return and merit. This may involve an advancement in employment or a radical change in the environs, interests and associations. Elders or important combines or secret organizations may have a hand in this promotion. Sign papers with care.

Those whose birthday it is may be prepared for a year in which their fidelity, industry and persistency may be rewarded by enhanced fortunes, increased real possessions or other emoluments at the hands of elders or important corporations or secret societies. All may involve radical change, travel, new associations and environs. In all sign writings with precaution.

A child born on this day may be industrious, faithful and responsible although fond of change and restless. It should succeed through its own diligence as well as at the behest of its elders or others in power.

## O. O. McINTYRE

NEW YORK DAY BY DAY

NEW YORK, Aug. 31—Like Sister Anne on the castle top I continually scan the horizon for the first sight of an authentic Fashion Leader. Some gentle genius who will not saw off our vests one season and the next V-point them to our knees. Yesterday's smart shirt is today's sartorial horror.

The rotation of style puts all who enjoy duding up on the merry-go-round. Yet the dresser best remembered is the one who has standardized his style. Morris Gest's fuzzy-wuzzy hat and flowing black tie are far better known than Clifton Webb's pleated pantaloons.

We shall recall Harry Lehr's gates-ajar collar and sand-toned weskit when the single black pearl stud of Noel Coward's evening shirt is not even a pinpoint in memory. The fashion plate Jimmy Walker never varied the rear dip to his hat brim. And one cannot picture Jimmy without that back swoop.

Grace La Rue is one of the most vividly remembered stage stylists because of that unchanging sweep of picture hat. Whitney Warren, most accomplished of the silver-haired boulevardiers, is considered one of the town's Brummels. Yet his picturesque costume has not varied in 30 years.

Dorothy Stone is now residing in the Fred Stone mansion at Forest Hills. All alone save for servants. The rest of the Stone tribe have trekked to Hollywood. Fred only recently finished playing Katharine Hepburn's father, Paula, a skilful horsewoman, has been riding hell for leather in westerns and Carol is now on location in Sonora. "The movies," sighed Dorothy the other day, "save for myself, have left no Stone unturned."

The corroding processes of borrowing have inspired a million essays, a million sermons. But to no avail. The borrower is only cured by the agony of his weakness. In fair-weather active reporter days I usually owed everybody on the editorial staff when pay day came. Eventually, as is the inevitable fate of all borrowers, I fell into the clutches of the loan shark. When I read the frayed phrase, "some poor hunted thing," I flash back to those days with the makings of a congestive chill. I had paid \$102 interest on a \$35 loan, which gives you an idea, when I received a salary garnishee threat. I went in complete humiliation to my editor. He not only stopped the usury but had \$50 returned. And from then on I became a confirmed cash customer.

So abhorrent became borrowing that my first day on a New York newspaper was a comedy of self imposed starvation. In the warm flush of a new job I left my hotel for work with only a nickel. That paid the subway fare and to go back for my wallet would have made me late. I had arisen at 6 a. m. and went without lunch. At 5 in the evening I began the trudge from Fulton to West 72d, a full five miles I imagine. I recall the swimmy feeling of emptiness as cooking savors came floating from Lorber's famous 85-cent table d'hôte. Also the sauerkraut aromas from The Kaiserhof, that stronghold of Teutonic gastronomies that so hastily and comically ran up a fluttering American flag in lights 48 hours after war was declared. There was a ripple of wines, too, passing those debt-battered jugglers in various Chateaux windows.

## Labor Day Marks New Era of Social Security

Labor Day, 1935, promises to mark the beginning of a new era in labor history. Recent months have marked the drafting and passage of several important federal laws favoring labor. The national labor board, set up by the Wagner bill, and headed by John C. Winant, is expected to stimulate union organization. The social security program, under direction of Joseph W. Madden, includes provision for unemployment insurance. Labor will receive in wages approximately half of the \$4,000,000,000

in works progress funds being spent under direction of Harry Hopkins. Benefits also accrue to two major industries of the nation under the railway pension act, which assures retirement compensation to railroad men, and under the Guffey coal bill which sets up a code of wages and hours for the coal industry. That these measures, endorsed by President Roosevelt, have become laws, is due in part to the work of Miss Frances Perkins, secretary of labor, and William Green, A. F. of L. president.

## HEALTH

By Dr. Royal S. Copeland  
New York City

ONE OF THE oldest and most dreadful of all the diseases of mankind is rarely mentioned in print. Its dangers have been recognized for centuries. It has been referred to as the "Great Masquerader," the "Death" and the "Red Death." These names were used before the true nature of the disease was understood and long before there was hope of cure for it.

Yet despite the great advances made in its prevention and treatment, syphilis continues to increase. It is estimated that each year at least a half million new cases appear in North America.

This is a fight in which the public can help mightily. Public should co-operate. How can we explain this unfortunate state of affairs? I believe the constant increase of the disease is due largely to the lack of public knowledge. Though everyone is familiar with the dangers of small-pox, tuberculosis and diphtheria, comparatively few persons know about this disease which is worse in many ways than all the rest.

If recognized in its early stages there is hope for a complete cure. This disease afflicts all classes of people, both the good and the bad, the rich and the poor. It respects no age, color or sex. It may be acquired or it may be present at birth. It is responsible for many cases of blindness, deafness, heart disease, mental disorders and other disabling conditions.

### Disease Is Curable

The disease is treated chiefly by the use of a preparation of arsenic, called "arsphenamine." Within recent years a new preparation known as "neosalvarsan" has been used with even greater success. There are other methods of treatment, of course. As a rule, the curative agent is injected into a vein, or into the buttocks.

The treatment is continued over a period of several months, or even several years. Just how long depends upon the stage of the disease when treatment was begun. It is only by prolonged treatment that severe cases can be overcome but a great deal of misery and untold mental suffering can be done away with very shortly.

The one message above all others that I want this article to carry is that syphilis can be cured. Whether innocently or wickedly acquired it can be overcome and I hope these words may cause some sufferer to go at once for treatment.

## Girls, Make This Your First!

For the junior who'd like to be "Miss Fall Fashion," Anne Adams designs this new wool frock! It's easy to make, and a triumph in clever adaptation of fabric to design. Notice how the bias-cut front panel shows up the novel "Tie-Tac-Toe" pattern of the sheer, soft wool. See what a rich, yet inexpensive contrast there is in the velvet collar, belt and buttons. Two pleats in the front of the skirt and one in the back will make this frock doubly popular with the run-about school girl. A winner in Scotch plaid, too—or any serviceable striped or checked wool. Pattern X2390 comes in sizes 8 to 16.

A Review of the Day's News

—By Arthur Brisbane—

SAN FRANCISCO, as old in the minds of Americans, as the word "California" itself, is cheerful. The great bridge that will unite San Francisco to Oakland across the bay is progressing rapidly. And the suspension bridge is already stretching its spider web cables across the Golden Gate, where the Pacific Ocean comes rushing in to the bay.

Thanks to good management, and an excellent engineer, Mr. Strauss, this Golden Gate bridge with its magnificent span of more than 4,000 feet, will be finished on time and for less than the \$35,000,000 guaranteed as maximum price.

WHEN THE Golden Gate bridge was first suggested, a lawsuit was brought to stop the project on the grounds that it was not possible to build a safe suspension span exceeding eighteen hundred feet in length. On the theory that "impossible" does not apply to San Francisco, work is progressing with the 4,000-foot span.

ONE HUNDRED YEARS ago this coming October, San Francisco celebrated, and the city means to celebrate its beginning as a baby metropolis known at first as Yerba Buena. The hundredth anniversary celebration will include a reproduction of the 1835 to 1869 period, including impersonations of some that loved her, General Fremont, Edwin Booth the great actor, Lotta Crabtree, Mark Twain and Bret Harte.

San Francisco will wait until 1938 the completion of Oakland Bay bridge, and Golden Gate bridge, to celebrate the one hundredth anniversary with a fine exposition. Meanwhile, go to San Diego and see the exposition open there now.

THE SAD DEATH of the Queen of Belgium proves that the open car is the dangerous car. The Queen was thrown from the car, struck her head against a tree, and was instantly killed. Had she been in a closed car, she could not have been thrown violently, and probably would have escaped death as did her husband, who was holding the wheel.

The open car is the ideal car to see the country and the sky, but a dangerous car for those who drive too fast.

ENGLAND WANTS no war, with prosperity returning and spoils of the big war not yet digested. But the wing feathers of the peace angel must tremble at sight of British and Italian fleets in the Mediterranean, near the mouth of the Suez Canal.

Deviled Cheese Tasty

Another cheese dish, but one that is a little more elaborate, is deviled cheese on toast. Place two ounces Parmesan cheese in a pan with a piece of butter. When this has melted, add one tablespoon of chopped pickle, preferably of the "hot" variety. Then add a little made mustard and some cayenne pepper. Serve on toast.

Here's a "Man's Dish"

Cheese eggs need little cooking. Melt a slice or two of cheese in a little butter and a little milk, then add some well-beaten eggs. Flavor with salt and pepper and a scrap of onion. When cooked pour onto hot toast. A splendid way of serving vegetables, especially for the "difficult" child, is to add a smooth cream sauce to boiled carrots, cauliflower, celery, cabbage or onions. Cover with bread crumbs or a layer of mashed potato or rice and bake until the top is brown.

A luncheon dish that is especially popular with the men of the house is made with sausages, tomatoes and onions. Grease a baking dish and in it arrange a layer of sliced onions, then some sausages and top off with a layer of sliced tomatoes. Dot with butter and bake in fairly hot oven.

A different sweet calls for some preserved ginger. Place a slice of sponge cake in a bowl, moisten with syrup from the ginger and arrange on top the ginger, cut into convenient pieces. If desired, cover with some whipped cream and finish with a few bits of walnut meat.

Grape Jelly Roll (4 EGGS)

3/4 cup sifted cake flour 4 eggs 1/2 cup sifted sugar 1/2 cup baking powder 1 teaspoon vanilla 1/2 cup grape jelly 1/2 cup raisins

Sift flour once and measure. Combine baking powder, salt, and eggs in bowl. Place over smaller bowl of hot water and beat with rotary egg beater, adding sugar gradually, until mixture becomes thick and light-colored. Remove bowl from hot water. Fold in flour and vanilla. Turn into 15 x 10-inch pan which has been greased, lined with paper and within 1/2 inch of edge, and again greased. Bake in hot oven (400° F.) 13 minutes. Quickly cut off crisp edges of cake. Turn out on cloth covered with powdered sugar; remove paper. Spread with jelly and roll. Wrap in cloth and cool on rack. Serves 12.

Grape Jam

4 1/2 cups (2 1/2 lbs.) prepared fruit 1/2 cup (1/4 lb.) sugar 1/2 bottle fruit pectin

To prepare fruit, slip skins from about 3 pounds fully ripe grapes. Simmer pulp, covered, 5 minutes. Remove seeds by sieving. Chop or grind skins and add to pulp. (If wild grapes, Malagas, or other tight-skinned grapes are used, stem, crush and simmer with 1/2 cup water 30 minutes. Sieve and measure. Use 4 cups prepared fruit and add juice of 2 medium lemons.) Measure sugar and prepared fruit into large kettle, mix well, and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Pour quickly. Paraffin at once. Makes about 11 glasses (6 fluid ounces each).

To prepare juice, stem about 3 pounds fully ripe grapes and crush thoroughly. Add 1/2 cup water, bring to a boil, cover, and simmer 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice. (If Malagas or other tight-skinned grapes are used, use 3 1/2 cups grape juice, and add strained juice of 2 medium lemons.) Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/2 minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 11 glasses (6 fluid ounces each).

## HOME-MAKING HELPS

By Wanda Barton

WE SHOULD all be vitally interested in the many changes and improvements going on today in the world of housing.

Experts tell us that these improvements will find their way into the average home, for it is in mass production that the profit of manufacturers is to be found. Of course, it will take about a decade until many of these improvements are standard equipment, but ten years isn't too far away for us to begin planning and envisioning what our home of the future is to be, and what it will mean to us as housekeepers.

For one thing, it is going to mean infinitely less work with correspondingly greater results. Domestic workers will really not be workers at all, so lightened will the burden of house cleaning become. You'll probably be able to dispense with a maid for heaving cleaning for the air that comes into your house will have been filtered on the way in. Which means, too, that we'll probably be "done" forever with dusting furniture and floors.

Home Lighting Improved

With air conditioning standard equipment in every house, apartment or bungalow, windows will be nothing more or less than room ornaments. We won't open them for the air sweeping through the room will be fresh, sweet and clean. And this, too, will mean an absence of mosquitoes, flies and other insects.

We'll be able to put away the old duster plus the fly swatter and insect spray. All we'll do is to go around emptying ash trays when it comes to cleaning. Yes, manufacturing is going to bring a new dispensation to housewives and this dispensation is nearer than you think.

Lighting is fast undergoing a change also. If the present trend continues—and experts feel sure that it will—lights will probably be invisible, that is to say, felt, rather than actually seen.

The lighting scheme will be as important to the successful hostess as her dinner menu, for the lights will be changed as often and easily as we can change our frock.

Sound-Proof Dwellings

Of course, the homes of tomorrow will be sound-proof, and with the correct insulation, plus shut windows, the next-door loud distance radio fan, or the yelling baby, will matter little to us. And with this change will come a corresponding decrease in nervous ailments.

The next homes will be flexible, too. Interior walls will slide back, roll up, fold away, or pack away into a wall compartment with a touch of a gadget. They may be so adjustable that the home maker will be able to take them down, when she wants to replan all the rooms of the house.

Don't Neglect Floors

As for the floors, it may be the varnish is worn. This can be remedied.

The varnish can be scraped sandpapered. If the wood is worn, it would be wisest to new floor, since the finish is smooth and even, otherwise it's worth applying. Linoleum can be laid over the new wood floor or a new surface of composition, laid down over the old floor. In either case, it is best that a filling should be cemented to the old covering cemented to felt.

Washable Walls Best

The new kitchen is easy to clean and easily cared for, so that there is cut in half. In the kitchen the walls are smooth, impervious to dust, moisture and odors and must be light without glare. The floor is resilient and easy to clean, the woodwork must be smooth as few moldings as possible. With these requirements met, the walls can soon be plastered must be patched, the paint applied after the plaster is entirely dry. Lead or oil paint a semigloss finish of light color, applied over a proper sizing coat, is inexpensive. If the plaster is badly worn it is possible to entirely new walls of wallboard, this isn't usually necessary.

## You Need Church, Pastor Asserts

The sermon subject for the divine service at 10 a. m., Sunday at the Emmanuel Lutheran church, to be preached by Rev. John Bauman, pastor, is "The Name Above Every Name."

Following are the services for Sunday and a brief article by Rev. Bauman or "You Need."

"The church does not need you, but you need the church. The church has the Word of God, the answer to the anxious questions of your heart. The needs of your soul are not satisfied unless you are in right relationship to God. Get acquainted with God. You are invited to attend our services."

Sunday school with classes for all ages at 9 a. m.

The pastor's Bible class meets at 9:15 a. m.

Divine service at 10 a. m.

## Labor, Capital Would Be Aided By God's Grace

That it is not an easy matter to get an impartial and fair judgment of one's self will be explained in the Sunday morning sermon of Rev. George D. Keister, pastor of the Holy Trinity English Lutheran church.

Rev. Keister's sermon is entitled "God's Mirror."

Other services for Sunday and brief reviews by Rev. Keister follow:

Sunday school 9:45 (Philippians 4:1-13)

The Church is not a political organization. The Church is not an opponent to either labor or capital.

Its task is to present the Savior Jesus Christ to a world that needs His saving grace. His work is to be a friend to man, whether of the laboring class or of the privileged class. Labor problems would entirely disappear if the spirit of the Master was followed by both contending groups. There is a dignity to labor that the Church has always upheld. There is a blessing which comes from toil that can come from no other source. There is an abundance for all mankind in this world and none would need to be in need or want if the task of distribution would be properly carried out.

Morning worship 11:00. Sermon: "God's Mirror."

The viewpoint of others may be too unkind and harsh. The judgment of self may be too considerate and complimentary. Rare is that person who will condemn self or place the rating lower than it should be. It is in the mirror of God that the true self is pictured. Nothing is hid, nothing is exaggerated. The merits are properly valued. The faults are honestly pictured. This may not be very welcome to the person who overrates self, yet it is the happy hope of any one who recognizes the shortcomings of man and places hope of salvation in Jesus Christ."

Announcements

Church Council meets Tuesday at 8 p. m.

Dorcas society meets Thursday at 2:30 p. m. with Mrs. Charles Webster, 1210 E. Third st.

Prayer services at the Washingtonville Lutheran church, Sunday evening at 7:30.

### Follow The Faith Of Their Forefathers

"Remember the days of old. Ask thy father and he will show thee; thy elders and they will tell thee." Deut., 32:7. "Hitherto Hath the Lord Led Us." 1 Samuel 17:12.

"When our fathers and mothers came to these shores, Rev. John Bauman declares, they brought with them a precious heritage of faith. Faith in the God so wondrously revealed in the Old and New Testament gave them the highest thinking and noblest living that our land has known."

To this particular community, came people from Central Europe. They brought with them the faith of their fathers, which is of the Evangelical Lutheran persuasion.

In the spring of 1892 a small group of these people organized the Emmanuel Evangelical Lutheran congregation. Unpretentious was its beginning. It was a hard struggle until it got on its feet and many a sharp conflict fell to its lot during the last 43 years.

"Through it all however, we clearly see the sustaining and guiding hand of the Lord of the Church."

But what was the flock without a shepherd? A call was sent to Rev. Abraham Miller of North Georgetown. He was installed as the first regular pastor in September of 1892. He took the work of the congregation in hand and with a committee consisting of Gottlieb Stark, Ernst Schmid and Conrad Thumm, drafted a constitution which was accepted by the congregation Nov. 27, 1892.

The first church council was composed of the following men; Elders—Karl Vogel and Johannes Schmidt; trustees—Gustav Klose, Johannes Zumbunon and William Miller; deacons—Ernest Schmid and August Klose; secretary—Gottlieb Stark; treasurer—Conrad Thumm.

During the pastorate of Rev. H. A. Schmidt the congregation bought the property on South Lundy st from Mrs. David Groner for \$450.

"Plans for the construction of a church building were now pushed."

The cornerstone of the new church was laid June 20, 1897, and the dedication of the church to serve as a place of worship in the name of Triune God was held on the following Sunday after Epiphany, Jan. 16, 1898, the following pastors being present: Rev. E. Butz; his father, G. G. Butz of Zelenople, Pa.; Rev. L. Meyer of Canton, and Rev. L. H. Barry of Massillon.

In 1907, the congregation was incorporated under the laws of the State of Ohio as a corporation not for profit.

In 1914, during the pastorate of Rev. A. Lemke, the records relate that "feeling became apparent on the part of some members against the members of Emmanuel. Rev. Lemke tried to placate the unrest, but he was unable to prevent a division taking place. As a result, the congregation lost some members who insisted that services should be held in English only, and who entered into negotiation with the Pittsburgh district of the General Synod for the service of a pastor."

NYA would attempt to provide financial aid for deserving students in college and high school, to provide work projects for indigent young people between 16 and 25 and to organize facilities for rehabilitation of youths of these ages. "Most of the money available to the NYA will have to be spent for the first two efforts," Weston said, "but we consider the third the most important of the three."

It will involve co-ordinating in the large centers the activities of all public and private organizations catering to the needs of youth and encouraging the organization of such agencies in communities now without them."

West said state headquarters would be established soon in Cleveland with branch offices in Columbus and Cincinnati. Later, branches will be set up in Youngstown and Toledo, he said.

SALEM, Ore.—If Oregon's new state capital is to satisfy all parties it will have dozens of "first floor corner rooms" and nothing else.

DOS CABEZAS, Ariz.—This mining region where gold was discovered prior to the Civil war, and where wildcat companies sold millions of dollars worth of metal "still in the ground," is staging a comeback. Five companies are taking ore from the district.

BATTING OF MAY  
HELPS CIGARS TO  
WIN OVER SMITHS

Collects Home Run, Triple  
and Double in 15-5  
Victory

Earl May, topnotch catcher for the United Cigars, pounded out a double, triple and home run to lead the "Stogymen" to a one-sided victory over Smith's Creamery 15-5, at Centennial park last night before darkness stopped the game.

This was the third game of the round robin tournament which will close the active season for the Class A league.

Errors, frequent on the part of Smith's, plus thirteen hits enabled the Cigars to amass their 15 runs. They brought in runs in every inning but the fifth and seventh, having their big scoring spree in the sixth when seven runs crossed the plate.

The four hits granted by Pitcher Ralph Gregg combined with four errors of Gregg's teammates permitted the Creamery outfit to score their five runs, three in the fourth, one in the fifth, and one in the sixth inning.

The pitching performance of Gregg shared game honors with the batting of May.

The last game of the first round of the tournament will be played Tuesday when the Washingtonville Blues meet the Hardware. Following this game on Wednesday, the Trades Class, winner of their first round game with the Elks and Mullins, winner of their first round game with the Pottery, will face each other in the second round of play.

Perry To Defend  
His Title Today

FOREST HILLS, N. Y., Aug. 31—Frederick John Perry of England, prince of the tennis courts, set out today in defense of his American championship.

The program for today was the same as arranged for yesterday as far as the men's championships were concerned and the appearance of the pipe-smoking Englishman, a favorite to retain his crown, was expected to lure large droves of the tennis faithful through the turnstiles. The matches were rained out yesterday.

Thirty-two second round matches were scheduled along with the first round meeting between Christian Bousous of France and Robert Haron, and the unfinished duel between Laird Watt of Canada and Lieutenant R. M. Watt, Jr. of New York, who divided four sets on Thursday when play was called on account of darkness.

The entire second round of the women's singles will be run off and the National Veterans' tournament will get under way with Raymond B. Bidwell, the defender, leading a field of 64.

The staggering total of 82 matches were planned for the day. The appearance of Perry, however, playing against Arthur S. Fowler of Pleasantville, N. Y., was the high light of the program.

PIRATES STAGE  
DELAYED RUSH  
IN FLAG RACE

Bucs Only Six Games Behind  
Leaders; Beat  
Cardinals Friday

By HUGH S. FULLERTON, Jr.,  
Associated Press Sports Writer.

It hardly seems probable that the Pittsburgh Pirates will win or even threaten the National league pennant in their belated rush but their effort to get into the thick of the struggle already has made things hot for two of the three contenders and the third is next in line.

In the course of rolling up a nine-game winning streak and placing themselves only six games behind the lead, the Buccaneers have knocked off the Giants three times in a row and the league leading Cardinals twice. Today they come up against the third-place Cubs in another short series that may cause a disturbance in the standings.

Put Giants 2½ Games Behind  
When they trimmed New York, the Pirates put the Giants 2½ games behind St. Louis. Then they made up for that against the Cards, reducing their lead to a single game with a 9 to 3 trouncing yesterday. The Cubs, who venture into Pittsburgh with a record of 12 victories in 18 games with the Buccos, are only a game and a half behind the Cards.

Following up Thursday's rout of Dizzy Dean, the Pirates opened fire on William Hallahan in the first inning, when Lloyd Waner scored a run but injured a leg sliding home and put himself out of action for a week or more. They routed the St. Louis southpaw with three runs in the third, after the Cards had tied it up, and finished with a four-run outburst against Phil Collins in the eighth.

Waner Plays Lead  
Paul Waner took the leading role in the two big rallies, belting a triple each time with men on the sacks and scoring on Arky Vaughan's hit. Vaughan established a pirate record when he clouted his 19th home run of the year in the seventh, surpassing the high marks of Glenn Wright and George Grantham. Meanwhile Red Lucas held the league leaders to seven blows, one of them Joe Medwick's 19th circuit drive.

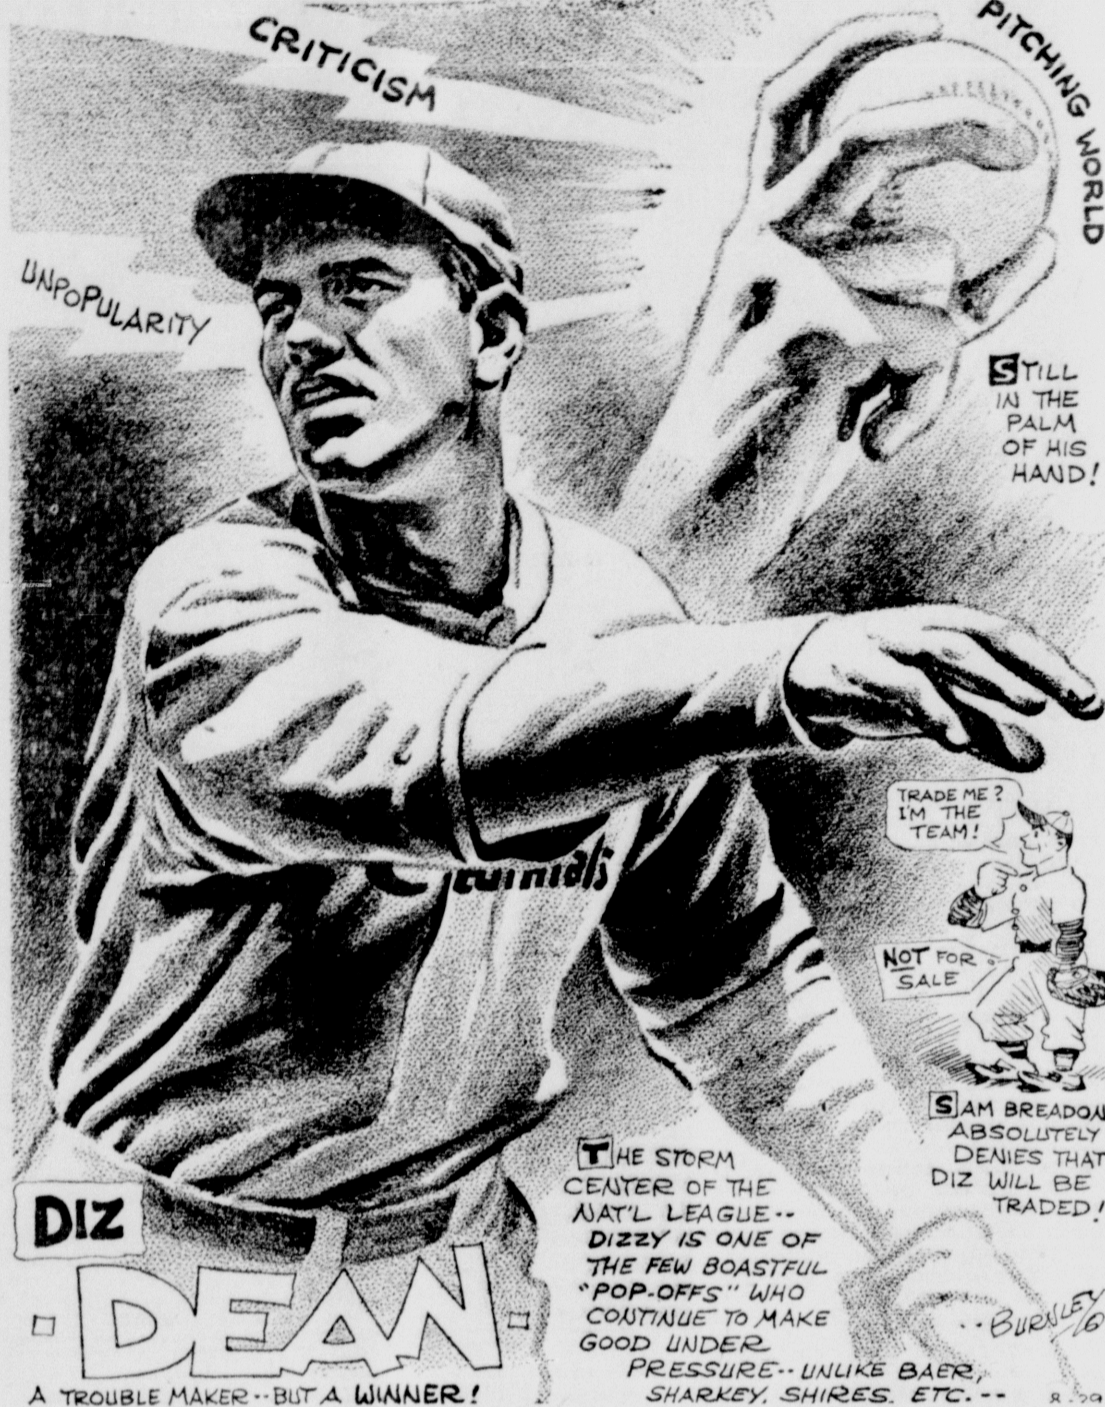

A couple of surprising rallies by the last-place St. Louis Browns cost the Detroit Tigers, American league leaders, all the ground they had gained the day before but the 8 to 7 defeat left the Tigers still nine games in the van.

Only two other major league games were scheduled as the clubs traveled toward their week-end engagements but rain stopped both the Giant-Dodger encounter and the Red Sox-Athletics meeting.

YESTERDAY'S STARS  
PAUL WANER, Pirates—Clouted two triples and two singles in victory over Cardinals, scoring two runs and batting in four.

SAM WEST, Browns—Drove in two runs against Tigers and cut off tying catcher in ninth with shoe-stringing catch.

HOLLYWOOD, Calif.—Leo Rodak, 135, Chicago, outpointed Gege Gravitte, 135, Venice, Calif. (10).

PITT PANTHERS  
HAVE 10 GAMES

Face Notre Dame in 4th  
Game; Play Army  
November 9

PITTSBURGH, Aug. 31—The University of Pittsburgh Panthers will open a ten game football schedule with Waynesburg here on Sept. 26. After Waynesburg the Panthers must face nine real foes in a row. W. & J. comes first with Pitt making its first appearance in little Washington in the series 43rd game.

A stronger West Virginia team is next and Pitt cannot hope to be as strong as it was when it beat the Mountaineers in 1934.

Pitt goes to Notre Dame for its fourth game and is "key" contest. A senior Notre Dame team, fired by three shutouts in a row at the hands of Pitt, may be too much for the Panthers, inexperienced and weeks away from November stride (Pitt has lost three November games in 11 years). A loss here by a bad score might result in many future losses.

Penn State on Card  
Penn State, back on the Pitt card for the first time in four years, has high hopes of winning its first Pitt game since 1915.

Pitt's first invasion of New York City in years on Nov. 2, pits the Panthers against Fordham's Rama. There is no question as to strength of this new Pitt opponent.

The Pitt-Army series will be renewed at Pittsburgh on Nov. 9, with the Cadet Corps making its second appearance in Pittsburgh to add the spectacular to a football series that has been sensational in its short life.

Nov. 16 brings Nebraska's Cornhuskers, paced by the brilliant Floyd Cardwell to Pittsburgh for a major intercollegiate battle and on Thanksgiving Pitt faces Carnegie Tech meet for the city championship.

On Dec. 14 the Panthers appear at Los Angeles against Southern California. Pitt has had little success on the Coast in previous series, but its 1934 win over U.S.C. at Pittsburgh gives hope for a change of luck.

Lessons From 1934  
Only two 1934 regular return: Bob LaRue at right halfback and Verne Baxter at right end.

Included among the nine missing regulars are Doc Hartwig and Ken Omilton, guards; Izzy Weinstock, fullback; George Shotwell, center; all All-American selections; and Miller Munjas, rated by many as Pitt's best quarterback.

In addition to Bob Hoel and Stan Olejniczak, tacklers; Harvey Booker, end; and Mike Nicksick, halfback; Pitt lost Home Weisenbaugh, Weinstock's high scoring alternate, for three seasons; and Frank Kutz, a better than average reserve guard.

Saratoga Closes  
Successful Meet

SARATOGA SPRINGS, N. Y., Aug. 31—With the major share of \$40,000 and a strong claim to the two-year-old championship awaiting the winner at the end of the six and one-half furlongs, the ranking juveniles of the country battled it out in the 31st running of the hope-ful as Saratoga's most successful meeting in many years closed today.

Seventeen fleet turf youngsters, including all of the outstanding contenders for the division's crown with the exception of Grand Slam, were named overnight for the rich stake.

After winning the Arlington futurity and coming east especially for the event, Grand Slam was forced to withdraw due to a bruised foot suffered in a workout a few days ago.

Mrs. Ethel V. Mars, Chicago sportswoman racing under the nom de course of the Milky Way farms, nominated the probable favorites in naming the Fighter and Sangreal. After winning four races and being left at the post in his other start in the west, the Fighter came east to trash many of the same horses he meets today in the Grand Union hotel stakes a week ago.

Americans Top  
Canadian Open

MONTREAL, Aug. 31—American golfers today continued to dominate the Canadian open championship as they passed the half way mark bunched with only a few Canadians scattered in their lists.

Gene Kunes of Morristown, Pa., was leading in the tournament that has not been won by a Canadian since the war. He had a six stroke advantage but grouped behind him were some of the finest golfers in the game.

Kunes toured the Summerlea course in two under par yesterday, posting a 68 which gave him a 36-hole total of 135.

Horton Smith of Oak Park, Ill., Paul Runyan of New York, Tony Manero of Greensboro, N. C., and Lou Chumming, a surprise from Toronto, were battling even six strokes behind and one stroke behind them were seven golfers headed by Walter Hagen, of Detroit. With him was Johnny Hines, Garden City, N. Y.; Vic Ghezzi, Deal, N. J.; Al Watrous, Oakland Hills, Mich.; Bobby Burns, Montreal; Arthur Hulbert, Toronto, and Gordon B. Taylor, Montreal.

YOUNG GOLFER  
FACES GLENNA  
COLLETT VARE

Patty Berg, 17, Sensation  
of Women's Tourney,  
Plays in Finals

MINNEAPOLIS, Aug. 31—years ago, a freckled face girl cried so hard one night that her father relented and said:

"Oh, all right then, honey, let you play golf."

Today, the same girl, Patty Berg of Minneapolis, faced the famous Glenna Collett Vare, in the whole final battle for the women's golf championship of the United States.

Their imaginations already stretched by the picturesque line redhead, a record home town gallery of 6,000 was expected to watch the championship duel over the rolling fairways of Patty's home course, the Interlachen Country club, where Bobby Jones won his final national open title five years ago.

Glenna Five Times Winner

Glenna, winner of the championship five times since 1922 and runner-up on two other occasions, was the big favorite. Even the home town folks hardly dared to think that Patty, competing in her first national show, could stop the former champion.

But they didn't think Patty would do it yesterday either when she made a gallant comeback to defeat Charlotte Glutting of West Orange, N. J., after three holes of overtime play, with straight putts and a steel nerve that amazed them.

Mrs. Vare already was in the finals with a 2 to 1 conquest over another Minneapolis girl, 18-year-old Beatrice Barrett, after a hard struggle won by spectacular approaches when Patty reached the 16th hole two down to the long driving New Jersey star. She won the 16th with a par and they came up to the final.

Barnyard Golfers  
At National Event

MOLINE, Ill., Aug. 31—The defending titleholder, Ted Allen of Alhambra, Calif., and a 16 year old aspirant to the crown, Charles "Casey" Jones of Waukegan, Wis., paced the field today as the national horseshoe tournament went into the second day of match struggles.

Allen and the kid wonder from Wisconsin, won their six opening day matches yesterday to share the lead. Right behind them, at five victories and one defeat, were C. C. Davis, the Kansas City sharpshooter, who set a qualifying total record of 286 points Thursday, and Joe Bennett of Moline.

Tied for the next place at four victories in six matches were Gus Zimmerman, Sac City, Iowa; K. Jackson, Blue Mound, Kas.; Jimmy Risk, Montpelier, Ind.; Harold Scheets, Waukegan, Wis., and Harvey Elmsom, Milwaukee.

Risk handed Davis his only defeat yesterday and the Kansas City star was responsible for Bennett's lone loss.

LEGAL NOTICE

ANNA CISMAS, whose residence is unknown, but whose last known address was Parambadi, De Sus, Jud. Fagaras, Romania, and her last known address in the United States was No. 1721 Harrison Avenue, N. W. Canton, Ohio, will take notice that on the 14th day of May, 1935, the First National Bank, Salem, Ohio, filed its petition with the Common Pleas Court, Columbiana County, Ohio, in case No. 25581, against the above named party and others, praying for the foreclosure of two mortgages made by Alexander Fratila and Maria Fratila to plaintiff, on two certain tracts of land located in the City of Salem, Ohio, and described as follows:

FIRST TRACT: Situated in the City of Salem, County of Columbiana, Ohio, and State of Ohio, known as and being a part of section number one (1), township number sixteen (16), range number four (4) and further known as part of Lot No. 523 of Assessor's addition to Salem, Ohio, from the northwest corner of lot No. 594 Assessor's addition to Salem, Ohio, measure west along the south line of Mill Street 104 feet; thence south 132 feet to the place of beginning; run thence south 321.6 feet; thence east but parallel with the center line of Mill Street 124 feet; thence south 348 feet; thence in a westerly direction 259 feet; thence north to the south line of Mill Street 817 feet; thence east along the south line of Mill Street 15 feet; thence south 152 feet; thence east but parallel with the south line of Mill Street 152 feet; thence east along the south line of Mill Street 67 feet to the place of beginning, containing 3.24 acres of land.

SECOND TRACT: Situated in the City of Salem, County of Columbiana, Ohio, and State of Ohio, known as and being a part of lot 426 in Samuel Street's first addition of lots to the City of Salem, Ohio, commencing at a point at the intersection of the east line of Broadway Street with the north line of Aetna Street in said city thence north with the east line of Broadway Street forty-one

feet; thence east ninety-eight (98) feet to a point; thence south forty-one (41) feet to the north line of Aetna Street; thence west with the north line of Aetna Street ninety-eight (98) feet to the place of beginning, reserving five (5) feet and six (6) inches on the north side of the above described premises, the same to be used as a right-of-way or driveway in common with the grantors, their heirs, successors and assigns with the grantees, their heirs and assigns.

And said grantee, their heirs and assigns are also expressly granted the right to use a strip of ground owned by Kate Moff and Walter A. Moff et al and belonging to the estate of said Henry Moff, the same being five (5) feet and six (6) inches in width, immediately north of and extending the entire length of the premises above described, east and west, in common with the grantors, their heirs, successors and assigns in connection with said strip above reserved as and for an alleyway or driveway, making in all an eleven (11) foot right-of-way.

And being the same premises conveyed to the said Maria Fratila by the said Alexander Fratila by deed dated January 16th, 1930, and recorded in volume 541, page 186, of Columbiana County deed records to which reference is here made.

The dwelling house located on said premises is known as No. 734 South Broadway, Salem, Ohio.

Said mortgages being given to secure a debt on which a balance of \$5,308.14 is due, with interest from May 1st, 1935.

Said Anna Cismas is required to answer on or before the 26th day of October, 1935.

## Fate of Nations Hangs in Balance at League Conference

The fate of nations hangs in the balance as diplomats of leading powers gather at the League of Nations council hall at Geneva, Switzerland, to confer on the Italo-Ethiopian crisis. More is at stake than the destiny of Haile Selassie and the people of Ethiopia. Will Mussolini pursue his dangerous program regardless of consequences? Will Great Britain resort to force if her colonial possessions are threatened? Will France side with Italy to retain her

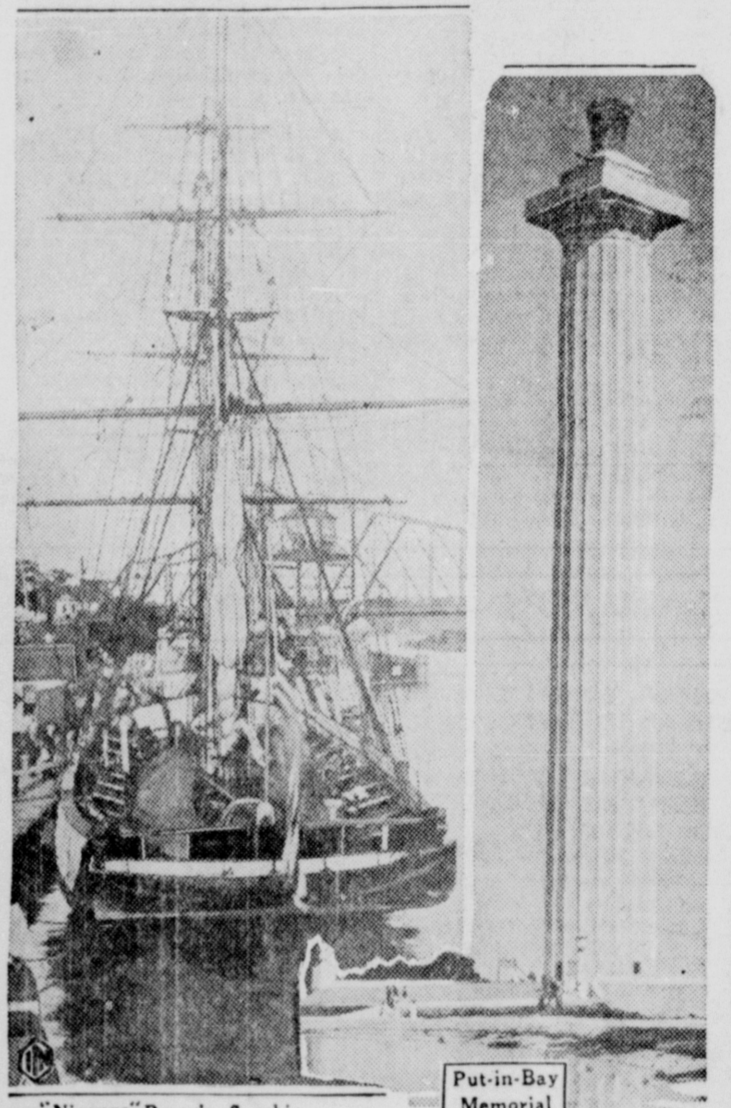

as an ally against Germany? Is it possible that Hitler will attempt to bring Austria under Nazi control if the European balance of power is upset by a war? The answers to these questions rest largely on Pierre Laval, French premier; Anthony Eden, England's undersecretary of foreign affairs; Hitler and Mussolini. And as the diplomats confer, the symbolic sentinels of the Ethiopian and Italian forces face each other in the shadowy background.

### Lindbergh Baby Alive?

Child now 5 years and 6 months old (right) adopted from orphanage by Long Island family is declared to be Charles A. Lindbergh, Jr. (shown left, before kidnapping) by Lloyd Fisher, attorney for Bruno Hauptmann, who bases demand for new trial on theory body found at Sourland Mountain was never positively identified.

### Plan Observance of Famous Battle

Cleveland and the federal government on Sept. 10 plan to honor Oliver Hazard Perry, long-dead naval officer, on the 122nd anniversary of the Battle of Lake Erie. It will be the first time the federal government and the city administration has joined in observance of the occasion. Three bombing planes of the U. S. army will circle over Perry's monument at Cleveland's Gordon park where a number of events are planned in homage to Perry, whose dispatch after the victory over the British, was, "We have met the enemy and they are ours. Two ships, two brigs, one schooner and one sloop." This has gone down in history as one of the most famous of all historical memories.

### RELIEF PROBLEM UP TO ASSEMBLY

Governor Is Warned That "Catastrophe Is in Offing"

(Continued from Page 1)

relief from Nov. 1, until Dec. 31, 1935. Grossman set the figure at \$30,000,000.  
A "stop-gap" program, Governor Davey pointed out, would be outlined at the September session with a state unemployment relief corporation as a possible basis. A more comprehensive program would be worked out in November.

Grossman estimated \$10,000,000 could be obtained for relief needs under the Carey bill. It permits counties to issue relief bonds to be redeemed by revenue from a one per cent utilities excise tax.  
Based on Hoehler's figures, this would leave \$13,000,000 to be provided by the state.

**Local Communities Helpless**  
Hoehler told the executive appeal was made to him "because of the utter helplessness of local communities . . . to prevent starvation and destitution during the coming winter and the months that will follow."

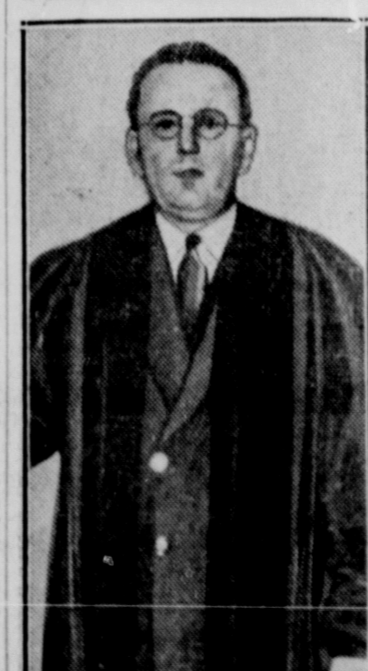

Governor Davey criticized relief administration as "too theoretical, too full of red tape, too impractical . . ." and said what "is needed is sympathy and not professional welfare workers."  
"I realize that the state has to take care of its share of the cost and we will do our part. However, when we do that, the administrative cost is going to be cut down . . . when the state puts in its money I will."

**HARRISBURG, Pa.**—Gin marriages and other hasty nuptials will be banned in Pennsylvania after Oct. 1 when the new "waiting period" amendment becomes effective. A three-day interval between application for and issuance of a marriage license is provided.

**RENO, Nev.**—Establishment of a geographical laboratory and field survey headquarters for western states by the U. S. Bureau of Mines has been started here.

### Pastor Critic of F.D.R.

President Roosevelt's breaking of the Sabbath with fishing trips and "indifference to religion" was assigned by Rev. Dr. Norman V. Peale (above), pastor of Marble Collegiate Church, New York City, as cause of "so many vital mistakes in the New Deal," before a Baptist congregation.

## Quality or Price?

"There is hardly anything in the world that some man can not make a little worse and sell a little cheaper, and the people who consider price only are this man's lawful prey."—John Ruskin.

This bit of philosophy is as true today as it was in Ruskin's time. And it is particularly true of insurance. A few dollars difference in the premium may determine whether you have true insurance protection or just something for "A Penny a Day."

I will quote you Standard Manual Rates.
